TOUGH, FLEXIBLE, ECONOMICAL AND EXTREMELY RELIABLE PLASTIC TANKS:

We're built to take it

and we know our tanks. Please bear the following in mind when installing your RotoTank tank:

- RotoTank tank fittings and pipes should preferably be supported by bellows.
- Base of RotoTank tank must be solid and level
- There must be no overhang of RotoTank tank on base.
- Make sure fittings are tight, but do not overtighten.
- The weight and quality specifications are recorded for your benefit - make sure you get the right product for the task.
- Only use RotoTank tank approved flanges, pipe fittings, tank connections.
- Modifications to RotoTank tanks will negatively affect the warranty.
- If in doubt contact RotoTank for more advise.

We can handle stress.

Our products are virtually stress free. Very large or unusually shaped sizes are well suited to Roto Moulding. Textures, high gloss, colours and decorative details are easily obtained. Moulds are fabricated with a short lead time and at an affordable cost.

We're tough where it counts

For a wide range of plastic products, from hazardous chemicals to process containers and swimming pools.
