

RotoTank™

Manufactures of Water, Chemical, Transport, Septic Tanks and Silos

TOUGH, FLEXIBLE, ECONOMICAL AND EXTREMELY RELIABLE PLASTIC TANKS:

We're built to take it

and we know our tanks. Please bear the following in mind when installing your RotoTank™ tank:

- All RotoTank™ tank products are manufactured using UV Stabilised LLDPE resin. However, the tank's life span can further be extended by positioning the Roto Tank™ tank in the shade of trees, under a lean-to, on the South side of a building or under shade cloth as a means to protect your RotoTank™ tank from excessive sunlight (UV rays).
- RotoTank™ tank fittings and pipes should preferably be supported by bellows.
- Base of RotoTank™ tank must be solid and level
- There must be no overhang of RotoTank™ tank on base.
- Make sure fittings are tight, but do not overtighten.
- The weight and quality specifications are recorded for your benefit - make sure you get the right product for the task.
- Only use RotoTank™ tank approved flanges, pipe fittings, tank connections.
- Modifications to RotoTank™ tanks will negatively affect the warranty.
- If in doubt contact RotoTank™ for more advice.

We can handle stress.

Our products are virtually stress free. Very large or unusually shaped sizes are well suited to Roto Moulding. Textures, high gloss, colours and decorative details are easily obtained. Moulds are fabricated with a short lead time and at an affordable cost.

Produced in conjunction with the Association of Rotational Moulders of South Africa - committed to the use of quality Polyethylene rotomoulded products.

We're tough where it counts

For a wide range of plastic products, from hazardous chemicals to process containers and swimming pools.

TANK TYPES:	a) Water SG 1.0	b) Medium SG 1.4	c) Heavy SG 1.6	d) Extra heavy SG 1.8
	SIZES:	Diameter mm	Height mm	Lid mm
500 lt	770	1 000	450	
800 lt	Slim Tank 730	1 950	450	
1000 lt	1 100	1 300	450	
1500 lt	1 450	1 050	450	
2500 lt	1 400	1 750	450	
5000 lt	1 800	2 000	450	
6000 lt	Low Profile 2 100	1 700	450	
10 000 lt	2 200	3 000	450	
15 000 lt	2 600	3 300	450	
20 000 lt*	2 400	4 200	450	
27 000 lt*	2 750	4 800	450	
40 000 lt*	3 300	4 850	450	

*3" Stainless steel Flange fittings
